March Reveal

DATES TO BE ANNOUNCED

The West 7th Street Design House is located in the historical district of Columbia, TN. This charming 1920s Craftsman style home has been fully renovated by Gray Builds, who partnered with Becky Smith, owner of The Linen Duck, to restore its original beauty and character, while also bringing it into the 21st century.

"Working on this project has been different than many other renovations I have undertaken because there is a clear history with this home, which resonates with the local community. I have had so many people share with me stories and memories they have associated with the "Bell, Shade, & Lamp" home. I can't wait for the reveal." -Becky Smith

The West 7th Design House will feature the current trends in home furnishings, lighting, window treatments, wall coverings, and home decor all available through The Linen Duck located in downtown Columbia.

Also showcased in the Design House will be original art by: June Brewer.

June is a local artist, who is as passionate about the subtle shifts of a neutral palette as she is the dynamic emotion of vibrant hues.

Her abstract paintings are suited for any design style.

You can find June on Instagram @junebrewerart or Facebook: June Brewer Art & Design
